

STREATOR ELEMENTARY SCHOOL DISTRICT #44

Parent Notice of Tier 2 Intervention Services

Date: _____

Dear _____,
Parent or Guardian

Your child, _____, was recently screened along with the rest of his/her class, to determine strengths and weaknesses in different academic areas. Based upon results of this screening and other information such as classroom performance, your child would qualify for an intervention to target key skills important for reading, math, and/or writing.

The intervention would focus on skills in reading, math, and/or writing, and will be provided during study hall or other times of the day through a computer program. Each child's performance will be monitored closely so that when the intervention is no longer needed, they may be dismissed from the group. You will be kept informed of your child's progress.

If you have any questions, please contact me in the school office.

Sincerely,

Principal
