

June 16, 2021

Dear Parents/Guardians:

I hope this letter finds everyone safe and healthy. We are busy making plans for the 2021-2022 school year. At the time of this letter, all students will participate in full in-person learning when school starts in August.

For the 2021-2022 school year, all incoming students, grades PK - 8, will register for the upcoming school year using online registration with our Skyward Student Management System.

Starting Tuesday, July 6, all current families will have online access to 2021-2022 Student/Family Information, registration and payment of fees via the Internet by using Family Access in the Skyward Program. Parents and guardians will be able to see their students' registration information by using an assigned login name and unique user password. You will use the same information for **all** students in the family.

Students who currently already have a login and password should have online access set up with the information provided to you by your school. If you have a student at Northlawn and a student at Kimes and/or Centennial, you will be able to use the same login/password for all students. Once logged in, student registration information along with fees and cafeteria balances, will be available for viewing.

If you need to change an address, you will need to contact the school directly and present that information in person.

If your family does not have internet access at home, you are welcome to use the computers at the District Office (next door to McDonalds) or any of our buildings for assistance.

If your student was free/reduced status for 2020-2021, you will need to reapply for 2021-2022. The application is available on our website and in the school buildings. This form should be filled out, signed and turned into the District Office by July 23, 2021. A pay stub/proof of income should be attached.

If you believe you will be on the State of Illinois Direct Certification List, we will receive that in July and you do not need to pay any fees or reapply at this time.

If you have a student in PreK, you will need to complete online registration, and you will also need to come to the office to complete required paperwork with the Kimes office staff.

ALL registration materials, including payment of fees, should be completed no later than July 23, 2021. If you know that your student(s) will not be returning to Streator Elementary School District #44, please contact the school office or the District Office immediately. If you do not complete registration by July 23, your student will be dropped from our enrollment for the 2021-2022 school year.

All health records are due to the school office no later than August 16, 2021. If you do not have your student's immunization and physical up to date, your student will not be allowed to attend school following the August 16 deadline until the health records are up to date. **We strongly recommend you call the Doctor's office now to make an appointment.**

For logging in to complete registration, the login information below is for those who are logging into Skyward for the first time:

Log on to the District's website at <https://www.ses44.net/> and click the *For Parents* at the top of the page and then *Skyward Family Access*. Then complete the following steps:

- Enter your user ID and password. Use the information below the first time.
- Type your user **Login ID**:
- Type your **Password**:
- Click Sign in or press Enter on your keyboard.
- After logging in, you will be prompted to change your password.
- You can change your password at any time by clicking on **Account Info** in the upper right corner, choosing **Change My Password**, and following the screen directions.

After logging in you will see "**Returning Student Online Registration**". Please click on this and your student's name and begin the registration process. Further instructions will be provided to you upon logging in to registration. **If your user ID or your password is lost or forgotten, you should call the school.**

Please do not hesitate to reach out if I can be of any further assistance to you. We look forward to the 2021-2022 school year and seeing all of our students on August 18, 2021.

Sincerely,

Dr. Lisa Parker
Superintendent
